

DANIEL CHAVEZ

Production Web Developer | WordPress, React, Accessibility

Winnipeg, MB | 204-721-2248 | dchavez3395@gmail.com | danieldev.ca | LinkedIn

Production web developer with 4+ years of agency and freelance experience building accessible, maintainable websites and web apps. Strong in WordPress, React, JavaScript, PHP, CMS delivery, and Figma handoff. Known for calm communication, careful QA, and leaving inherited codebases easier to support.

TECHNICAL STRENGTHS

Core: JavaScript (ES6+), React, HTML5, CSS/SCSS, Tailwind, PHP, WordPress
Delivery: WCAG 2.1 AA, semantic HTML, keyboard QA, responsive testing, SEO, performance
Workflow: Git/GitHub, Figma handoff, REST APIs, Vercel, WP Engine, Flywheel, AI-assisted development

EXPERIENCE

- Web Developer** — Vincent Design Inc. Jan 2023 – Jul 2026
 - Built and maintained responsive production websites and web apps for agency clients across annual reports, Indigenous organizations, non-profits, aviation, and public information.
 - Translated Figma designs into reusable interfaces using React, JavaScript, PHP, WordPress, SCSS, and Tailwind; integrated REST APIs and CMS-managed content.
 - Applied semantic HTML, keyboard and focus checks, responsive QA, and WCAG 2.1 AA practices throughout delivery.
 - Supported releases and ongoing maintenance across Vercel, WP Engine, and Flywheel while working effectively in inherited codebases.
- Front-End Developer** — Freelance Aug 2021 – Present
 - Convert design mockups into responsive, cross-browser experiences using React, JavaScript, HTML, and CSS.
 - Debug and refactor existing sites, add AJAX/JSON functionality, and create reusable components that make future updates faster.
- Special Finance Manager** — Birchwood Credit Solutions Nov 2018 – Jul 2021
 - Managed detail-heavy financing workflows from customer intake through lender approval and funding, strengthening documentation, prioritization, and stakeholder communication.

SELECTED WORK

- TELUS Reconciliation Report:** Contributed to a multi-section React annual report with accessible data presentation and a client-managed publishing workflow.
- Tamalpais Trust:** Helped deliver a WordPress site with an interactive grant-partner map, regional directory, and editor-managed content.
- Puchica:** Built a custom Shopify Hydrogen storefront and a controlled 20-product launch catalogue for Canada and the US.

TRAINING AND ADDITIONAL STRENGTHS

Training: Full-Stack Web Development; Modern PHP; Deque University accessibility training

Languages: English and Spanish (fluent)
